

AGRICULTURE AND FOOD AUTHORITY (AFA)

PUBLIC NOTICE

It has come to our attention that there are unscrupulous fraudsters misleading members of the public that Agriculture and Food Authority is currently employing Agricultural Extension Officers. They are issuing fake appointment letters purportedly from AFA, at a fee.

AFA has reported the same to the National Security Agencies and the matter is under investigation.

Please be advised that AFA is not currently employing and whenever employment opportunities arise, the same are advertised in mainstream Print Media and our Website.
